

## HardieTrim® Crown Moulding

James Hardie is proud to announce that through it's HardieTrim® brand it has developed the first fully shaped fiber cement building material product called HardieTrim® Crown Moulding. It is a highly durable and dimensionally stable trim accessory that can be used as window ornamentals and to enhance the design of the roof line. It has the same attributes as HardieTrim boards in that it offers a low maintenance solution with significant curve detail to add design and beauty to any home.

# HardieTrim® Crown Moulding

## The Newest Addition to the HardieTrim® Product Family

*Length: 10'*

*Widths: 3.25", 5.25"*

*Weight: 3.2 lb/sq ft*

*Available Primed or with ColorPlus® Technology*

HardieTrim Crown Mouldings perform well in all climates which allows the product to maintain long term aesthetics compared to wood. Also unlike PVC trims HardieTrim Crown Moulding are dimensionally stable while PVC expands and contracts with change in temperatures. When using a HardieTrim Crown Moulding with a ColorPlus® Technology you will maintain a beautiful consistent, durable color; unmatched by field painting or third party pre-finishers. HardieTrim crown mouldings also come with a 15-year limited, transferable product warranty.

HardieTrim Crown Mouldings can be used in various applications such as, a decorative trim transition from frieze board to soffit, window headers and as a gable trim accent.

HardieTrim® Crown Mouldings are available in two moulding profile sizes 3.25" and 5.25". The new HardieTrim Crown mouldings are manufactured as part of the HardieZone™ System which provides exterior products with specific performance attributes relative to the climate where the product is being used. So now your complete exterior can be protected by James Hardie® products.

### Basic Composition

Portland cement, ground sand, cellulose fiber, select additives and water.  
Product contains no asbestos, glass fibers or formaldehyde.

### Finish HardieTrim Products

All primed HardieTrim products must be painted. Please refer to paint manufacture's specifications for application. Products with ColorPlus Technology do not need to be painted, as they come pre-finished with a 15-year finish warranty.
